M_APPing your competences -

a mobile app supported approach for mobilities

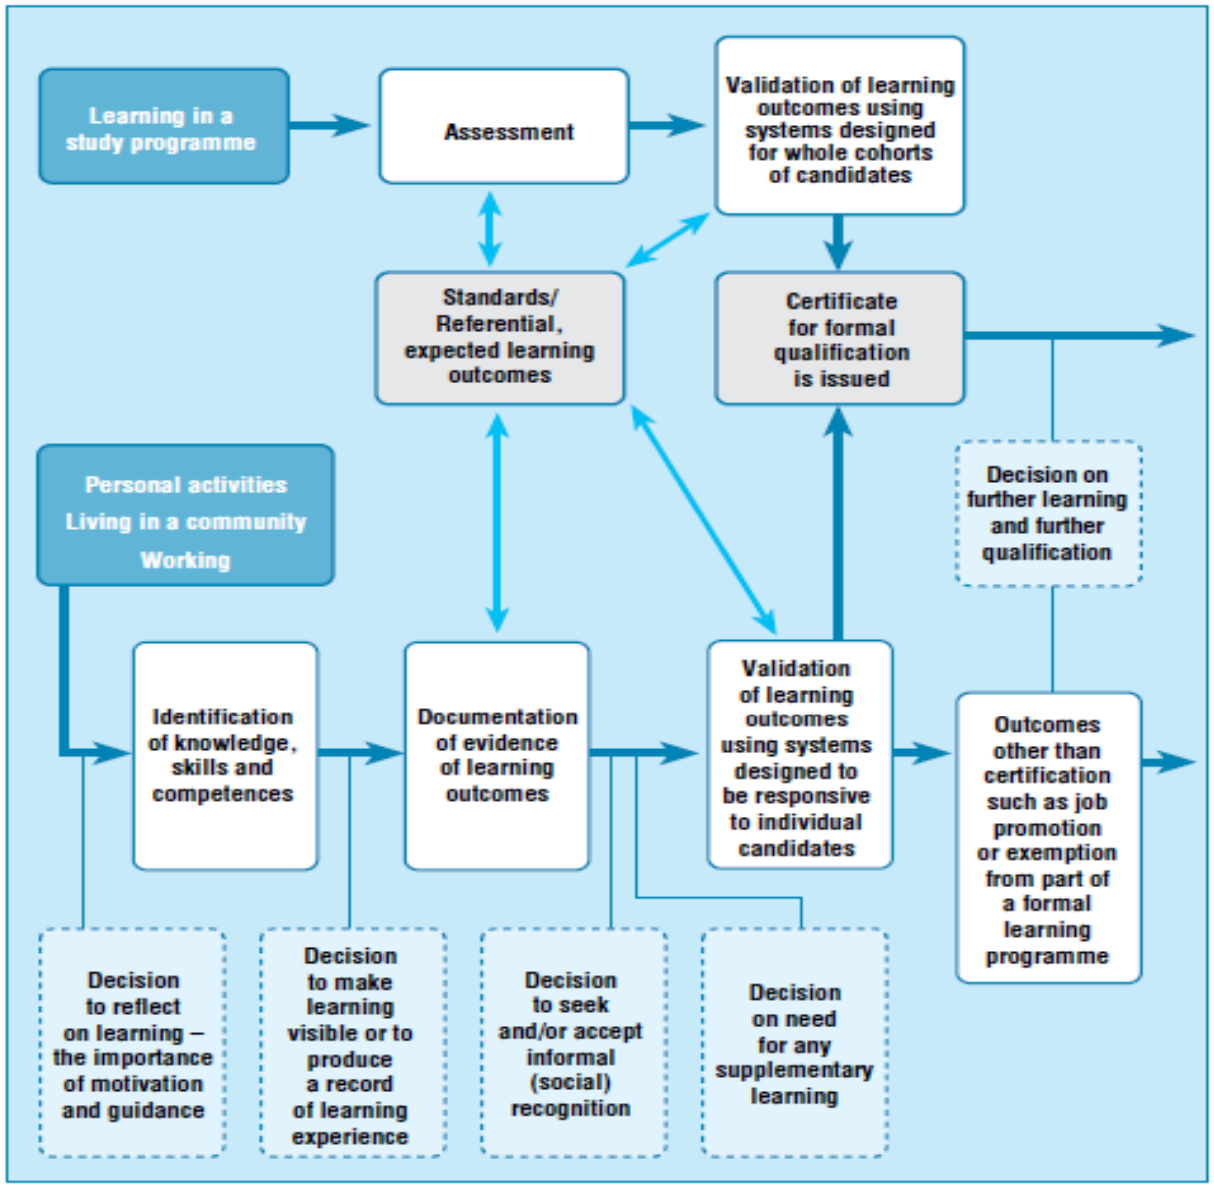
Lifelong Learning Programme

AUXILIUM

Mobile Learning App

What was the starting point of M_APP?

- ü Non-formal and especially informal learning and its recognition as one of the highest priorities in lifelong learning on European political agenda
- ü Documentation and transparency as basis for recognition and key for further benefit



CEDEFOP 2009,
European Guidelines for validating non-formal and informal learning

Mobile Learning App

What do we want to achieve with M_APP?

How to grasp informal learning?

ü categorisation of learning experiences in the context transnational mobility

ü mobile device app for permanent documentation

Content Innovation

Methodological & Technologogical Innovation

ü adding evidence f.e. photos, videos, audio files, documents

ü 2 European lifelong learning key competences

- learning to learn
- social and civic competence

ü collected informal learning experiences are subject for recognition procedure
