Childrens rights

Carers in Sweden

Who give care for the carers?

- **1 out of 5**
 - 1,3 milj. (Sweden: 10 milj.)
 - 900 000 are working
 - Mainly age 45-65 år
 - agegroups
 - 30-44 år - > children
 - 45-64 år - > parents
 - 65 år - - > husband/wife
- (2012)

Habilitation - big changes last decades - still a lot to do !

- Human Right
- Legal Right
- Equality
- Normalisation/
Integration
- Family Oriented/
Centered
- Decentralized
- De-Institutionized
- Multidisciplinary
- Comprehensive
- Intensive
- In Every Day Life
- Free

The Challenge

To give the child the possibility to develop and to use its resources and as far as possible live like other children.

Habilitation in life perspective

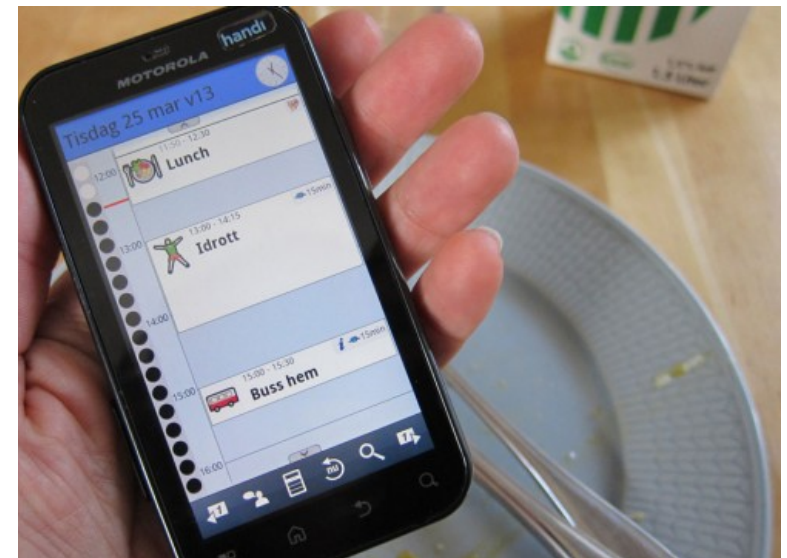

Transition – the real challenge

Current Laws

- Health and Medical Service Act **HSL**
- Social Services Act **SoL**
 - Social insurance - a kind of social safety net, which is in place from birth to retirement
- **LSS** Act concerning Support and Service for Persons with Certain Functional Impairments
- **LASS**

LSS, An act concerning Support and Service

an entitlement law that:

- **Guarantees good living conditions** for people with extensive and permanent functional impairment,
- ensuring that they receive **the help they need** in daily life and
- that they can **influence the support** and services they receive

Request and evaluation

And individual plan

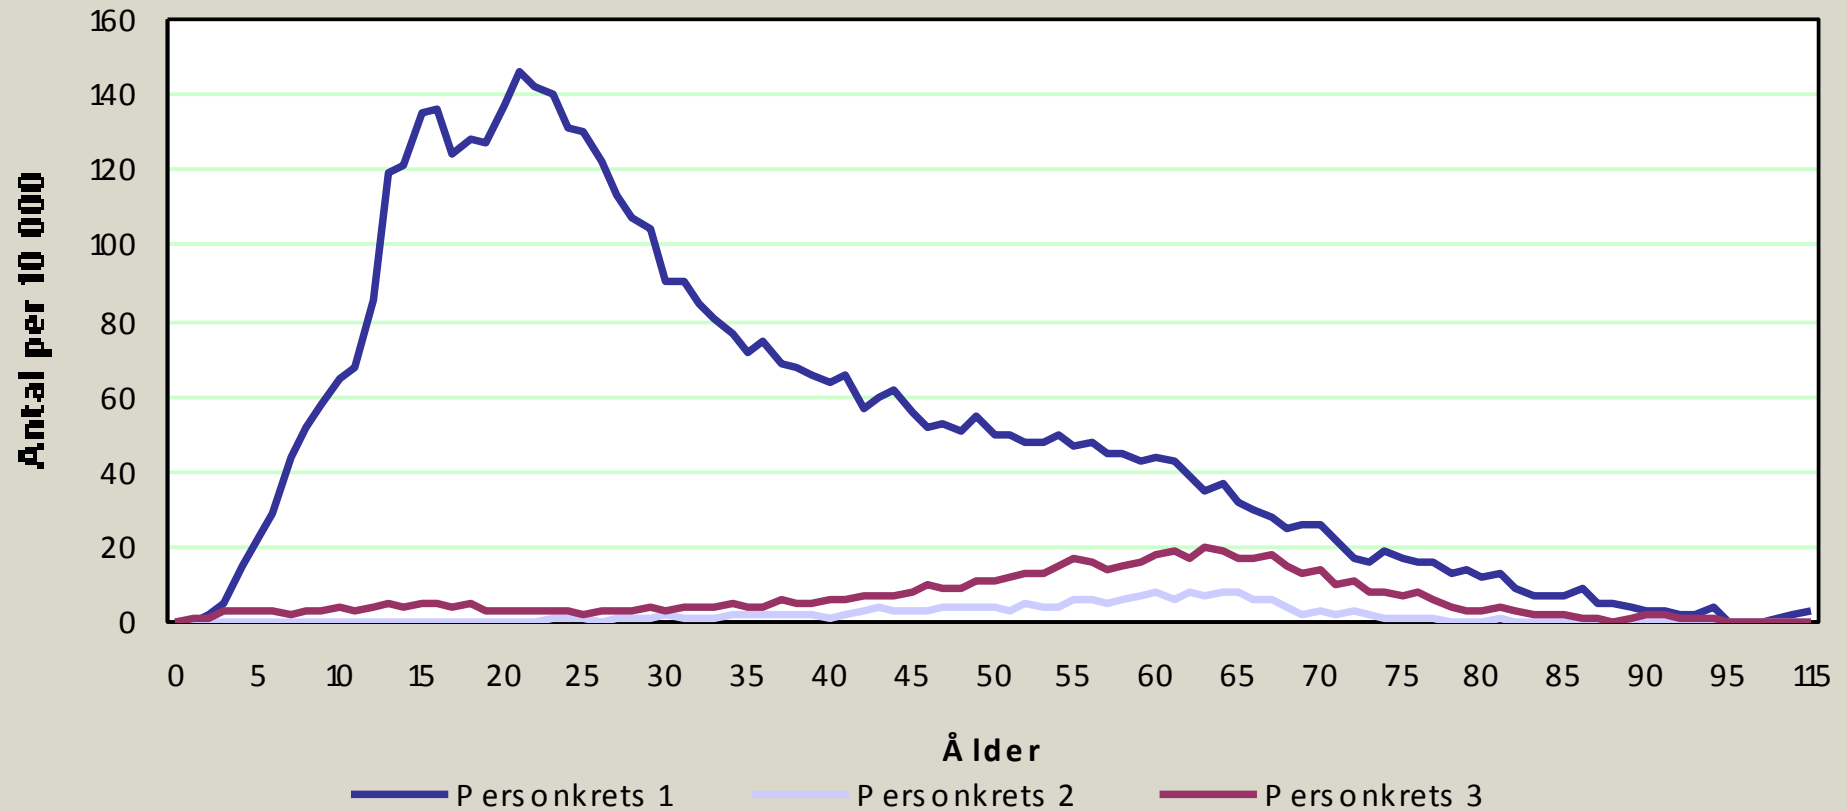

LSS applies to people who

1. have **intellectual disabilities or autism**, or who have a condition resembling autism (87%)
2. have considerable and permanent mental impairment following brain damage sustained as an **adult**, as a result of external force or physical illness
3. have some other **lasting physical or mental impairment** that is clearly not due to normal aging, if such impairments are substantial and cause considerable difficulties in daily life and consequently, an extensive need for support and service.

Persons using LSS Official statistics 2015 (nr/10 000 persons)

Figur B. Antal personer i varje personkrets per ålder, i förhållande till 10 000 av befolkningen, med insats enligt LSS den 1 oktober 2015

SFCCC Mission

The Swedish Family Care Competence Centre is commissioned by the **National Board of Health and Welfare Sweden via the Ministry of Health and Social Affairs** to carry out the following core activities:

- create a **national overview** of the field of informal care
- **explore and collect** existing research and development in the area
- **disseminate** research results and examples of best practice
- **support development** work within municipalities, the health care sector, carer organisations and civil society organisations.

Target groups

- Carers and the person they care for
- carer organisations
- practitioners working in health and social care
- decision makers, policy makers, managers, politicians and researchers.

Collaborative partners
universities.....

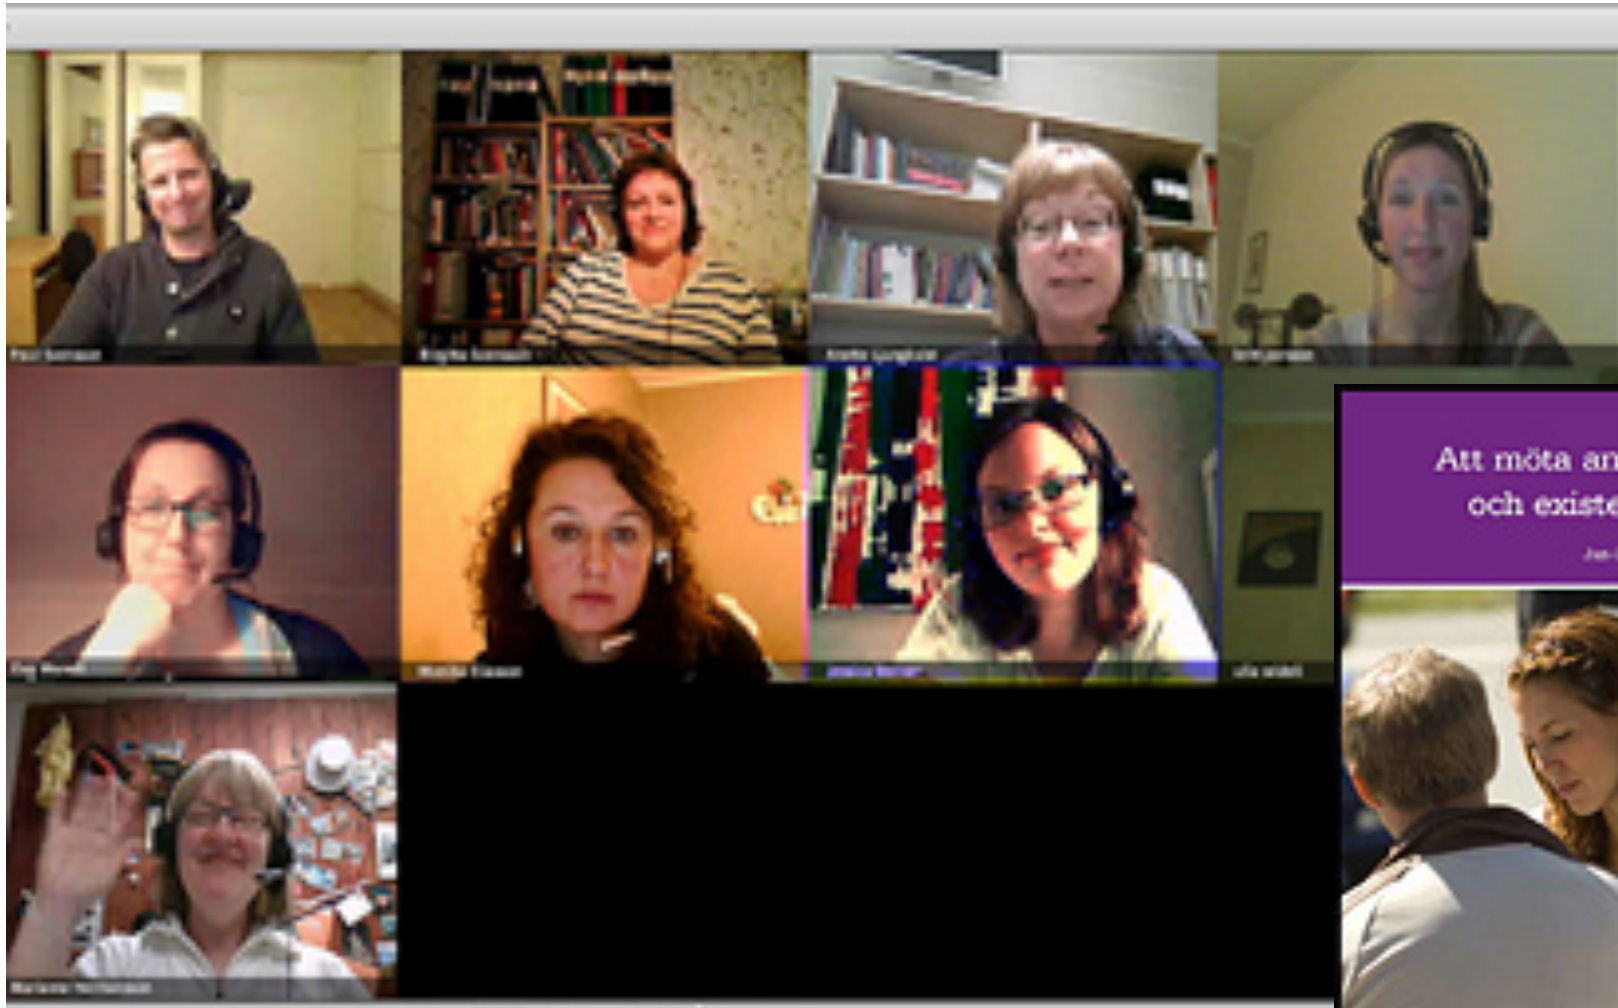

Knowledge sharing and dissemination

Establishing accessible sources of knowledge

- A user-friendly website, social media; FB
- Newsletters and publications, articles

You're not alone. Join our network!

Webbinarium

The screenshot displays a Zoom webinar interface. On the left is the 'Events Index' sidebar with a search bar and a list of presentation and information segments. The main area is split into two video feeds: 'Paul Bremann' on the left and 'Gunilla Matheny' on the right. Below the feeds is a 'Webbpresentation' slide with the title 'Så här funkar det de närmsta två timmarna' and a bulleted list of features: Chatten, Hjälptexten, Presentationsbilder, and Frågepollar. An illustration of a woman pointing to the right is positioned next to the list. On the right side of the interface is a chat window titled 'Kommentera gärna i chatten!' containing a list of participants and their names.

Act concerning support - LSS

1. Advice and other personal support

- A social worker, psychologist, physical therapist, preschool adviser, speech therapist, occupational therapist, or dietitian can provide such support.

2. Personal assistance

- help with meals, personal hygiene, dressing and undressing, communicating with others, or need some other assistance that requires extensive knowledge of people with functional impairments.
- The municipality has full economic responsibility for anyone who needs assistance for fewer than twenty hours per week. If the requirement for personal assistance for basic needs exceeds twenty hours per week, the individual is entitled to an assistance benefit pursuant to a separate law, known as the [Act concerning Compensation for Assistance](#) [LASS)

Act concerning support - LSS

3. Companion Service

- Individuals who do not have personal assistance may be entitled to companion service. Companion service shall be personalized, tailored to meet the needs of the individual to have an active social life

4. Contact Person

- to reduce social isolation, assist in participation in leisure activities, and provide advice in daily situations,
- can make it easier for the individual to live independently. Sometimes a family, known as a support family, can provide support.

Act concerning support - LSS

5. Relief service in the home

- available both as a regular service and for unexpected situations

6. Short stay away from home

- to provide the individual with the opportunity for recreation and a change of environment while providing relief for relatives.

Act concerning support – LSS

7. Short period of supervision for school children over the age of 12
 - Schoolchildren over the age of 12 are entitled to supervision before and after school and during holiday
8. Living arrangements in a family home or in a residence with special services for children and adolescents
 - to live with another family or in a residence that provides special services. This should be a complement to the parental home

Act concerning support – LSS

9. Residence with special services for adults or other specially adapted housing

- the most common forms are group housing and service housing. The individual may also be entitled to a specially adapted home that is assigned by the municipality.

10. Daily activities

- Working age individuals who are not gainfully employed or studying are entitled to assistance participating in daily activities if they qualify for LSS pursuant to criteria 1 and 2.
