Workshop

THE NEW MOBILITY:
ORGANIZATIONAL ASPECTS AND
SUSTAINABLE APPROACHES

Main objective

Mutual exchange among partners aimed at the valorization of how mobility activities changed due to Pandemic, how each organization rethought mobilities activities or started implementing new ones.

Main Topics

Transnational mobility will be addressed according to three main themes:

General context: Pandemic advent

Topic 1:

Mobility and the pandemic: what has changed and how to deal with the future

General context: evolution of the Learning Mobility

Topic 2:

Designing Blended Mobility pathway

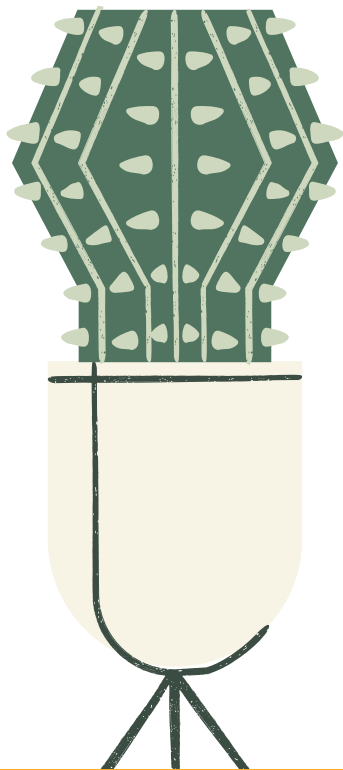

General context: Learning mobility according to Erasmus Quality standards

Topic 3:

Mobility of specific targets (apprentices, adults and fragile persons)

ACTIVITY

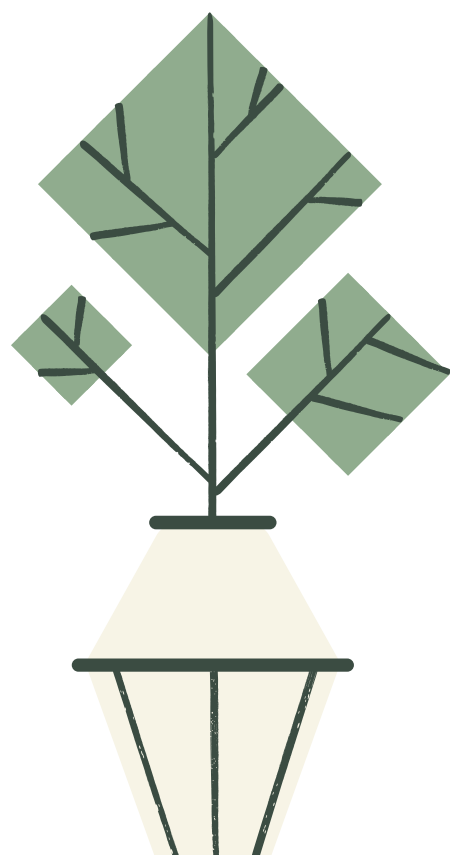

participants should divide into three subgroups, read all the questions and decide to answer at least 5 of them; they can choose a specific topic or several ones based on their experiences or planned objectives. Participants will have about one hour and will be free to manage this time by devoting a precise amount of time to each question, if there is still time left, they can go over the questions.

- ☒ List of questions
- ☒ Poster board to indicate the chosen thematic areas
- ☒ Post it for collecting contributions
- ☒ _____
- ☒ _____

Additional resources

- In answering the questions, participants should take into account: Previous experience, if any; Strengths; Critical points; Identified solutions
- Organise the restitution of contributions taking into account the main points made during the discussion.
- Choosing a group leader who will take charge of restitution

**Good work to
everyone!**
